Use
American Liver
Tablets

To the American People:

WE WISH TO CALL YOUR ATTENTION to the fact that no person can have good health if they have the habit of Constipation. For Constipation causes indigestion, indigestion causes mal-nutrition of the body, mal-nutrition must result in disease. Therefore, above all things, keep the bowels regular. It can be done by regularity in habit, drinking plenty of good water, eating coarse food, plenty of exercise, and last but not least, by taking each night until cured **The American Little Liver Tablets**.

These little sugar coated Tablets are purely vegetable, cause no habit, but cure the habit of constipation.

The American Chemical Co. also manufacture **The American Throat Tablets**, which are invaluable for Sore Throat, Hoarseness, Tonsillitis, Cough and Catarrh. The American Throat Tablets fill a long felt want. There never has been, to our knowledge, a perfect antiseptic throat tablet for men, women and children. They contain menthol, thymol and eucalyptol, an ideal combination for throat troubles. As children cannot gargle, and these Tablets are as palatable as candy and perfectly harmless, and also helpful to the stomach, they are the ideal remedy for Sore Throat in young children, as well as adults. Try them.

Elevator Burned.

Fire in Griswold and Mackinnon's

Elevator Does \$15,000 Damage.

An alarm from Box 53 called out the entire fire department at five o'clock last night for a fire in Griswold & Mackinnon's grain store and ware house. The alarm brought to mind a similar fire in 1900 when the McLeod grain and ware house was burned flat, and excitement was intense for a while. The fire caught in the elevator shaft and it is thought that there might have been a hot box there. The top loft where the fire raged is used for storage of all kinds of grain and the fire getting into that made hard work for the firemen. One thing which helped the firemen very greatly when they arrived on the scene of the fire was the fact that all the New England Telephone wires in front of the building had been cut, thus allowing a free space for raising the ladders without obstruction. Eight lines of hose were put out to the fire at once and literally drowned it out. Griswold & Mackinnon carry about \$40,000 insurance on the building and contents, and it is thought the damage to the building will be between \$500 and \$1000. It is impossible to estimate the damage to the grain on account of smoke and water but it is thought that it will reach \$15,000. By six o'clock the department had the fire under control, and all but two lines of hose were taken off. A watch was left over the building all night.

Two boys playing on the track saw smoke issuing from the top story and Jack Bertrand rang in the alarm.

Presented a Loving Cup.

Special Honor Shown Dr. G. F. Cheney by Vermont State Dental Society.

A happy incident of the meeting of the Vermont State Dental Society at Rutland last week was the presentation to Dr. George F. Cheney one of the oldest members of the society and for 15 years one of the examining board, of a beautiful silver loving cup. Dr. R. M. Chase of Bethel made the presentation in behalf of the society and Dr. Cheney responded. The cup is a handsome one and the inscription reads "Presented to Dr. George F. Cheney by the members and friends of the Vermont State Dental Society, Rutland, May 18, 1910."

Dr. Cheney read a paper at the meeting on the history of the Vermont Dental Examining Board, in which he showed the benefits that had come as the result of the passage of the law regulating the practice of dentistry in the State. He advocated several changes in the law raising the educational requirements of applicants for the license to practice and a law giving the board authority to revoke the license of any dentist who had misrepresented his qualifications in his application papers.

At a meeting in Rutland the Vermont board of dental examiners organized by electing Dr. E. O. Blanchard of Randolph, president and Dr. J. H. Jackson of Burlington, secretary and treasurer. The next meeting of the board will be held at Montpelier, July 5, 6, and 7. The following officers were elected by the Vermont society: President, Dr. A. Z. Cutler, Bennington; vice presidents, Dr. L. E. Mellen, Middlebury, Dr. F. H. Brown, Enosburg Falls; secretary, Dr. Harry T. Hamilton, Newport; treasurer, Dr. W. H. Munsell, Wells River; executive committee, Dr. Dana E. Gearing, Southbury, Dr. Thomas Mound, Rutland, Dr. McGoff, Montpelier.
